REPORT OF THE TRUSTEES.

To His Excellency, RICHARD J. OGLESBY, Governor of Illinois:

SIR—We have the honor to present our report as trustees of the Illinois Institution for the Education of the Blind, for the twenty-one months ending June 30, 1888. The last General Assembly changed the time of reporting to correspond with the fiscal year.

During the latter part of the period embraced in this report, the institution was so unfortunate as to lose its superintendent, Dr. F. W. Phillips, by death.

Whatever honors can be paid to the memory of Dr. Phillips will be worthily bestowed. No tribute which affection may dictate can be worded in language too strong.

The late superintendent fully appreciated the responsibility resting upon him, in ministering to the mental, moral and physical welfare of the pupils under his charge; and he gave to the discharge of his duties his best energies. His heart was filled with sympathy for those whose misfortunes made them the worthy recipients of this noble public charity. With love for this special work, and with a mind fully equipped by nature for the discharge of high public trusts, he gave himself up, with entire singleness of purpose, to the performance of duty.

In the management of pupils, he was quick to foresee and prompt to provide for their wants. Courteous, kindly, and affectionate in his intercourse with them, he yet could be firm, as the occasion might demand, and was always just. His relations with all who were in any way associated with him were of the most kindly character.

As an executive officer, he displayed rare ability. The institution grew and expanded under his wise and prudent administration, and attained the measure of usefulness which its founders and promoters had in view. The public funds were applied exclusively to their proper uses as contemplated by the law, and were expended with economy, with sagacity, and with unquestioned integrity. Under his thoughtful and efficient management, the entire institution, in all its branches and departments, worked like a perfect piece of mechanism, without jar or friction. Our superintendent was a man of principle and of purity; stainless in character and spotless in reputation; remarkable for the great variety and extent of his attainments, and he exemplified in himself the highest attributes of domestic life.

Since the death of Dr. Phillips, we have placed the institution in charge of his son, Mr. W. S. Phillips, as superintendent. Mr. Phillips' exceptional acquaintance with this special line of work, and his qualities of mind and heart, indicate that he will be a worthy successor to his distinguished father.

One death has occurred in the institution among the pupils. Warren Longley, Lake View, Cook county, died on February 4, 1886, of congestion of the bowels. He was a promising youth.

NUMBERS.

The number enrolled for the year, October 1, 1886, to September 30, 1887, was 212, of whom 127 were males and 85 were females. The average number of persons in attendance for the year was 123, of whom 74 were males and 49 were females.

The enrollment for nine months ending June 30, 1888, was 171, of whom 97 were males and 74 were females. The average number of persons in attendance for this period was 146, of whom 82 were males and 64 were females.

GRADUATES.

Those completing the literary course and receiving diplomas at the close of the term ending June, 1887, were Chas. M. Perry, of Ogle connty, Guy Ackerly, Winnebago county, Mary E. Karr, Ford county, Alice Sage, Fayette county, William Heikes, Fulton county, Effie B. Campbell, Cass county, William Apt, Henderson county, Mary Anderson, Wayne county, Fred C. Avery, Schuyler county. Certificates of proficiency were granted to those leaving the work-shop at close of year.

The graduates in June, 1888, were: Lora Alma Knetsar, Rock Island county, Lilly D. Smith, Macoupin county, Harriet B. Newman, Hancock county, Lizzie Satchell, Vermilion county, Lydia E. Carron, Kankakee county, Alice B. Palmer, Morgan county.

Shop certificates were issued to those showing proficiency.

DEPARTMENT OF LITERATURE.

There have been some changes of instructors in the Department of Literature during the last two school terms, but there has been devoted teaching, and, on the part of the pupils, close application.

DEPARTMENT OF MUSIC.

This department is under the direction of Prof. Wallace P. Day. He and his able assistants have made progress which is highly gratifying. We have decided to add to our musical course so that our graduates from this department can take high rank among musicians. Our pupils are no more gifted in this branch than those having sight, but by close application and study they may become good musicians, when the opportunity for this study is presented to them.

We have secured the services of Miss Genevieve Clark, a pupil of the New Eugland Conservatory, Boston. Miss Clark is a vocal teacher of experience.

DEPARTMENT OF MANUAL TRAINING.

In the department of manual training we teach broom-making, mattress-making, cane-seating, carpet-weaving and piano-tuning. The last named can be made very profitable to the pupils, and we need increased facilities for teaching this art. The girls are taught carpet-weaving, machine sewing, plain and fancy sewing, knitting, bead-work and crocheting.

LAUNDRY.

The appropriation granted by the last General Assembly for a laundry building has been expended, and we now have a laundry complete in its appointments.

FIRE ESCAPES.

The amount given us for fire-escapes was found sufficient, and we have had crected two fire-escapes, one on each wing. We have four stairways, standpipes and hose, hand greuades, and fire-escapes, which we deem sufficient protection.

STREET PAVEMENT.

The contract is let, but no work has been done on the street pavement. The work will probably be done this autumn.

GYMNASIUM.

We feel the used of a building for gymnastic exercises, where our pupils can obtain proper and systematic physical training. It is perhaps unnecessary to enter into any argument to show the necessity for such training. Such necessity is recognized by the colleges and universities of our country, by business men and educators, by clergymen and laymen.

That the blind particularly need such training we think can be shown.

We would include in the building for gymnasium, also, a swimming bath, drill hall, museum and library. The lowest amount that will erect such a building is ten thousand dollars (\$10,000).

REPAIRS OF CORNICE.

We quote from our last report: "We are compelled to repair cornice on front of main bnilding, and replace, it may be, a part of it, with a new one. The workmen, who go up on the roof, do not consider the cornice safe, and say its fall must be guarded against. This cornice contains the gutters, and has settled in places so that they will not carry water to the downfalls, hence, we have overflows and leaks. These leaks have rotted the timbers until they are liable to give away under the weight of snow and ice, which accumulate in the winter." For repairing cornice we ask for the sum of one thousand dollars (\$1,000).

PIANO-TUNING AND REPAIR DEPARTMENT.

Next to the profession of music, as a means of livelihood, stands the art of piano-tuning and repairing. The blind are peculiarly adapted to the work of tuning. Depending as they do upon their hearing, this sense is developed to such a degree that they have a very correct idea of sound, and may become very proficient in the art of tuning. But in order to teach this art we must have a shop for apprentices. The apprenticeship should be for a time sufficient to qualify the apprentice to tune and repair, and when he has passed a rigid examination, a certificate will be granted. We believe that situations could be found for such persons where they could become self-supporting.

We have a building suitable for a shop for tuning and repair work, and need an appropriation of five thousand dollars (\$5,000) to equip it.

COTTAGE FOR GIRLS.

The part of the building devoted to the use of the female pupils is not large enough for their comfort and convenience. Our dormitories are crowded and our sitting-room is too small. We know that where the cottage system is in use at other similar institutions it has been satisfactory in its results. Many of the influences of home are lost in grouping so large a number in one building. We think that a cottage for girls is needed here, and feel certain that this improvement would be of great benefit to those under our care.

For a cottage complete, we ask an appropriation of eighteen thousand dollars (\$18,000).

COVERED WALKS FOR GIRLS.

During bad weather, either rainy, snowy or cold, our girls cannot take the exercise requisite for good health. There is no place for them to exercise indoors, so in disagreeable weather they are compelled to remain without exercise. If we had a covered and protected walk with floor, sides and roof, they could exercise in bad weather to their great benefit.

For this purpose we ask an appropriation of one thousand dollars (\$1,000).

REPAIRS AND IMPROVEMENTS.

The amount given this institution for making needed repairs and improvements is insufficient. We are compelled to let the buildings suffer, because we have not sufficient means to paint and repair. The sum of two thousand dollars per annum is needed. With this amount we would expect to extend the iron fence in front of the southeast part of the grounds where there is now an unsightly hedge.

SUMMARY.

We ask the legislature for appropriations as follows:

| Ordinary expenses, \$38,000 00 per year, or | \$76,000 00 |
|---|--------------|
| Repairs and improvements, \$2,000 00 per year, or | |
| Gymnasium, drill hall, library, etc. | 10,000 00 |
| Repairs to cornice | |
| Piano-tuning and repair department | |
| Cottage for girls | 18,000 00 |
| Covered walk for girls | 1,000 00 |
| | \$115,000 00 |
| Demostfully submitted this 21st day of Amoust 199 | 20 |

Respectfully submitted, this 31st day of August, 1888.

N. W. BRANSON, A. C. WADSWORTH, B. F. FUNK. Trustees.

SUPERINTENDENT'S REPORT.

To the Board of Trustees:

GENTLEMEN—Since you have committed to my hands to complete the unexpired term of my respected father, the late superintendent of this institution, I undertake the task of reporting the work done and progress made in the past twenty-one months, with a deep feeling of sadness.

In the loss of one who had stood for many years at the head of affairs, and was so highly respected and beloved, all who here associated with him were caused to mourn over the great calamity which has fallen upon us. I deem it just to one who has passed to his reward to pay him some tribute in this report. I could do no less, were I not his son.

Rev. Franklin W. Phillips, M. D., was born in Montgomery county, Kentucky, on November 5, 1827. He was son of Rev. William Phillips. Serving at the carpenter's bench for four years (16–20) gave him a practical knowledge possessed by few men. During this period he united with the Methodist Episcopal church. Feeling called to preach, he began serving his Master in this capacity before he had reached his majority. Possessed of a logical mind, a strong imaginative power, oratorical ability of high order, using plain, pointed illustrations, he began to take rank among the foremost young men of the conference of which he was a member. His voice having failed, he studied medicine at Lonisville Medical College, and practised his profession until he came to Illinois in 1864. He again began preaching and filled some of the best appointments in the Illinois Conference. A vacancy occurring in this institution in 1874, Dr. Phillips was elected superintendent.

The enrollment in 1873 was about 79. Under Dr. Phillips the institution grow until the enrollment in 1887 was 212. The work in the school was brought to a high state of proficiency. He saw that the institution was empowered to graduate pupils who completed the prescribed course in literature, so the institution sent out its first class in 1877 as graduates.

Under his administration were added the kitchen, engine-house, green-house, east wing, work-shop, coal-house, barn, store-room and refrigerator, laundry, pipe organ, a pasture for the cows, and appropriations for fire-escapes and street paving. Always alive to the interests of those committed to his care, Dr. Phillips was jealous for their welfare. His wide range of experience and practical knowledge of human nature assisted him in his work of humanity. His fatherly advice aided many who were downhearted, and his kind words always took hold of the hearts of his pupils. His ear was ever open to the cry of the needy or distressed, and he helped them.

He closed his earthly career on January 17, 1888, after two weeks of greatest suffering. Thus died in the prime of his life one who loved his neighbor wherever found, who was patient, gentle and forgiving. A man of peace, yet not afraid to do his duty in the face of danger. One who would not take advantage of au antagonist, however weak. Pure and just, high minded and honorable, he died as he lived, a Christian.

In accepting the position of superintendent of this institution, I desire to express to you my deep sense of gratitude for the high honor conferred upon me. It is not only a position of honor but of trust and responsibility. In the discharge of my duties I shall need your aid and counsel.

I attended the convention of American Instructors for the Blind at Baltimore, July 11, 12 and 13, 1888. The attendance was large and the interest in the topics presented was shown in the general discussion which followed the reading of each paper.

According to your instruction, I tendered an invitation to the convention to hold its next session at this institution in 1890. The invitation was accepted, and a large attendance may be looked for, owing to our central location.

Our thanks are due to the Chicago and Alton, the Wabash and Pacific, and the Jacksonville Southeastern railways for favors shown the officers and pupils of the institution; also to the publishers of the following newspapers, viz:

Saturday Review,Banner of Holiness,Goodson Gazette,The Tablet,Home Visitor,The Index,Saturday Evening Herald,The Saturday

-1

for the donation of their papers which we have received during the past twenty-one months. Our thanks are also due to the Jacksonville Daily Journal and Illinois Daily Courier for many courtesies extended to the institution.

The accompanying tables give an exhibit of what moueys have been received and how they have been disbursed during the past twenty-one months.

W. S. Phillips, Superintendent.

NOTICE TO APPLICANTS.

The school year commences on the second Wednesday in September, and closes on the first Tuesday in June, of each year. It is very important that every pupil be on hand the day school begins, and remain until it closes.

As a rule, none are admitted under ten nor over twenty-one years of age, but the trustees have discretion in all cases. The shop is open to all who can learn a trade.

No persons incapable of receiving instruction, from physical infirmity or imbecility, or of unsound mind, or of confirmed immoral habits, will be knowingly received or retained in the Institution. The immates are not allowed to use tobacco.

Scholars, resident of Illinois, will be provided with boarding, washing, etc., at the expense of the State. Their friends will be required to supply them with comfortable clothing, and be at the expense of their traveling to and from the Institution.

Two full suits of clothing should be sent with each pupil, and every piece marked with his or her name.

No person should be brought to the Institution as a pupil until a letter of admission has been received from the superintendent, to whom all letters for information should be addressed, at Jacksonville, Illinois.
